Net Earnings Applicable to Common Shareholders, Diluted Earnings per Common Share and Average Common Shareholders' Equity Excluding the Impact of U.K. Bank Payroll Tax and SEC Settlement (in millions, except per share amounts)

The following table sets forth the firm's annualized return on average common shareholders' equity and diluted earnings per common share, both including and excluding the impact of the \$600 million U.K. bank payroll tax and the \$550 million SEC settlement:

	Three Mor	ths Ended 2010	Six Months Ended June 2010		
Diluted earnings per common share	\$	0.78	\$	6.41	
Annualized return on average common shareholders' equity (1)		7.9 %	,)	13.1 %	
Diluted earnings per common share, excluding the impact of U.K. bank payroll tax and SEC settlement (2)	\$	2.75	\$	8.36	
Annualized return on average common shareholders' equity, excluding the impact of U.K. bank payroll tax and SEC settlement (2)		9.5 %		14.8 %	

⁽¹⁾ Annualized return on average common shareholders' equity (ROE) is computed by dividing annualized net earnings applicable to common shareholders by average monthly common shareholders' equity. The \$600 million U.K. bank payroll tax and the \$550 million SEC settlement were not annualized in the calculation of annualized net earnings applicable to common shareholders for the three and six months ended June 2010 as these are one-time events and therefore these amounts have no impact on other quarters in the year.

⁽²⁾ Management believes that presenting the firm's results excluding the impact of the \$600 million U.K. bank payroll tax and the \$550 million SEC settlement is meaningful as these are one-time events and excluding them increases the comparability of period-to-period results. The following tables set forth the calculation of net earnings applicable to common shareholders, diluted earnings per common share and average common shareholders' equity excluding the impact of these amounts:

Effective Income Tax Rate Excluding the Impact of U.K. Bank Payroll Tax and SEC Settlement (\$ in millions)

Management believes that presenting the firm's effective income tax rate excluding the impact of the \$600 million U.K. bank payroll tax and the \$550 million SEC settlement, substantially all of which is non-deductible, is meaningful as these are one-time events and excluding them increases the comparability of period-to-period results. The following table sets forth the calculation of the effective income tax rate excluding the impact of these amounts:

Ratio of Compensation and Benefits to Net Revenues Excluding the Impact of U.K. Bank Payroll Tax (\$ in millions)

The firm's total compensation and benefits expenses including the \$600 million U.K. bank payroll tax were \$4.40 billion and \$9.90 billion for the three and six months ended June 2010, respectively. Management believes that presenting the firm's ratio of compensation and benefits to net revenues excluding the impact of the \$600 million U.K. bank payroll tax is meaningful as this is a one-time event and excluding it increases the comparability of period-to-period results.

The following table sets forth the reconciliation of total assets to adjusted assets:

(2) Tangible equity capital equals total shareholders' equity and junior subordinated debt issued to trusts less goodwill and identifiable intangible assets. The firm considers junior subordinated debt issued to trusts to be a component of its tangible equity capital base due to certain characteristics of the debt, including its long-term nature, the firm's ability to defer payments due on the debt and the subordinated nature of the debt in the firm's capital structure. The following table sets forth the reconciliation of total shareholders' equity to tangible equity capital:

	As of											
	June 2010			March 2010	ı	December 2009	September 2009			June 2009	March 2009	
Total shareholders' equity	\$	73,819	\$	72,944	\$	70,714	\$	65,354	\$	62,813	\$	63,553

Deduct: Goodwill and identifiable intangible assets		(5,894)		(5,983)		(4,920)		(4,934)		(4,973)		(5,004)
Tangible equity capital	\$	72,925	\$	71,961	\$	70,794	\$	65,420	\$	62,840	\$	63,549

(3) The leverage ratio equals total assets divided by total shareholders' equity.

The adjusted leverage ratio equals adjusted assets divided by tangible equity capital. Management believes that the adjusted leverage ratio is a more meaningful measure of the firm's capital adequacy than the leverage ratio because it excludes certain low-risk collateralized assets that are generally supported with little or no capital and reflects the tangible equity capital deployed in the firm's businesses.

Tangible common shareholders' equity equals total shareholders' equity less preferred stock, goodwill and identifiable intangible assets. Tangible book value per common share is computed by dividing tangible common shareholders' equity by the number of common shares outstanding, including restricted stock units (RSUs) granted to employees with no future service requirements. Management believes that tangible common shareholders' equity and tangible book value per common share are meaningful because they are measures that management and investors use to assess capital adequacy. The following table sets forth the reconciliation of total shareholders' equity:

	As of											
	June 2010		June 2010 M		December 2009		September 2009		June 2009		March 2009	
Total shareholders' equity	\$	73,819	\$	72,944	\$	70,714	\$	65,354	\$	62,813	\$	63,553

(7) RWAs are calculated in accordance with the regulatory capital requirements currently applicable to bank holding companies, which are based on the Capital Accord of the Basel Committee on Banking Supervision (Basel I).

(8) The Tier 1 common ratio equals Tier 1 capital less preferred stock and junior subordinated debt issued to trusts, divided by RWAs. Management believes that the Tier 1 common ratio is meaningful because it is one of the measures that management and investors use to assess capital adequacy. The following table sets forth the reconciliation of Tier 1 capital to Tier 1 common capital:

	As of											
	June 2010		March 2010		December 2009		September 2009		June 2009		March 2009
