POLICY ON PROXY VOTING
FOR INVESTMENT ADVISORY CLIENTS

A. Objective

GSAM has adopted the policies and procedures set out below regarding the voting of proxies on securities held in client accounts (the “Policy”). These policies and procedures are designed to ensure that where GSAM has the authority to vote proxies, GSAM complies with its legal, fiduciary and contractual obligations.

B. Guiding Principles

Proxy voting and the analysis of corporate governance issues in general are important elements of the portfolio management services we provide to our advisory clients who have authorized us to address these matters on their behalf. Our guiding principles in performing proxy voting are to make decisions that favor proposals that in GSAM’s view tend to maximize a company’s shareholder value and are not influenced by conflicts of interest. These principles reflect GSAM’s belief that sound corporate governance will create a framework within which a company can be managed in the interests of its shareholders.

GSAM periodically reviews this Policy, including our use of the GSAM Guidelines (as defined below), to ensure it continues to be consistent with our guiding principles.

C. Implementation and the Proxy Voting Process

Public Equity Investments

To implement these guiding principles for investments in publicly-traded equities for which we have voting power on any record date, we follow customized proxy voting guidelines that have been developed by GSAM portfolio management (the “GSAM Guidelines”). The GSAM Guidelines embody the positions and factors GSAM generally considers important in casting proxy votes. They address a wide variety of individual topics, including, among other matters, shareholder voting rights, anti-takeover defenses, board structures, the election of directors, executive and director compensation, reorganizations, mergers, issues of corporate social responsibility and various shareholder proposals. Recognizing the complexity and fact-specific nature of many corporate governance issues, the GSAM Guidelines identify factors we consider in determining how the vote should be cast. A summary of the GSAM Guidelines is attached as Part II.

The principles and positions reflected in this Policy are designed to guide us in voting proxies, and not necessarily in making investment decisions. Portfolio management teams base their determinations of whether to invest in a particular company on a variety of factors, and while corporate governance may be one such factor, it may not be the primary consideration.

Implementation by GSAM Portfolio Management Teams

^{*} For purposes of this Policy, “GSAM” refers, collectively, to the following legal entities:

Goldman Sachs Asset Management, L.P.; Goldman Sachs Asset Management International; Goldman Sachs Hedge Fund Strategies LLC; GS Investment Strategies, LLC; Dwight Asset Management Company LLC; Goldman Sachs (Singapore) Pte.; Goldman Sachs (Asia) L.L.C.; Goldman Sachs Asset Management Korea Co., Ltd.; Goldman Sachs Asset Management Co. Ltd.; Beijing Gao Hua Securities Company Limited; Goldman Sachs (China) L.L.C.; Goldman Sachs (India) Securities Private Limited; Goldman Sachs Asset Management (India) Private Limited; Goldman Sachs Representacoes Ltda.; Goldman Sachs Asset Management Brasil LTDA; GS Investment Strategies Canada Inc.; Goldman Sachs Management (Ireland) Ltd.; Goldman Sachs Asset Management Company Private Limited; Goldman Sachs Asset Management Australia Pty Ltd.; Goldman Sachs Australia Managed Funds Limited; Goldman Sachs Trustee Company (India) Private Limited; Goldman Sachs Global Advisory Products LLC.

General Overview

GSAM seeks to fulfill its proxy voting obligations through the implementation of this Policy and the oversight and maintenance of the GSAM Guidelines. In this connection, GSAM has retained a third-party proxy voting service (“Proxy Service”)¹ to assist in the implementation of certain proxy voting-related functions, including, without limitation, operational, recordkeeping and reporting services. Among its responsibilities, the Proxy Service prepares a written analysis and recommendation (a “Recommendation”) of each proxy vote that reflects the Proxy Service’s application of the GSAM Guidelines to the particular proxy issues. GSAM retains the responsibility for proxy voting decisions.

GSAM’s portfolio management teams (each, a “Portfolio Management Team”) generally cast proxy votes consistently with the GSAM Guidelines and the Recommendations. Each Portfolio Management Team, however, may on certain proxy votes seek approval to diverge from the GSAM Guidelines or a Recommendation by following an “override” process. The override process requires: (i) the requesting Portfolio Management Team to set forth the reasons for their decision; (ii) the approval of the Chief Investment Officer for the requesting Portfolio Management Team; (iii) notification to senior management of GSAM and/or other appropriate GSAM personnel; (iv) an attestation that the decision is not influenced by any conflict of interest; and (v) the creation of a written record reflecting the process.

A Portfolio Management Team that receives approval through the override process to cast a proxy vote that diverges from the GSAM Guidelines and/or a Recommendation may vote differently than other Portfolio Management Teams that did not seek an override for that particular vote.

Fundamental Equity and GS Investment Strategies Portfolio Management Teams

The Fundamental Equity and GS Investment Strategies Portfolio Management Teams view the analysis of corporate governance practices as an integral part of the investment research and stock valuation process. On a case-by-case basis, and subject to the approval process described above, each Fundamental Equity Portfolio Management Team and the GS Investment Strategies Portfolio Management Team may vote differently than the GSAM Guidelines or a particular Recommendation. In forming their views on particular matters, these Portfolio Management Teams may consider applicable regional rules and practices, including codes of conduct and other guides, regarding proxy voting, in addition to the GSAM Guidelines and Recommendations.

Quantitative Investment Strategies Portfolio Management Teams

The Quantitative Investment Strategies Portfolio Management Teams have decided to follow the GSAM Guidelines and Recommendations exclusively, based on such Portfolio Management Teams’ investment philosophy and approach to portfolio construction, as well as their participation in the creation of the GSAM Guidelines and their evaluation of the Proxy Service’s process of preparing Recommendations. The Quantitative Investment Strategies Portfolio Management Teams may from time to time, however, review and individually assess any specific shareholder vote.

Potential Limitations on GSAM’s Ability to Vote Proxies

In certain circumstances, such as if a security is on loan through a securities lending program or held by a prime broker, the Portfolio Management Teams may not be able to participate in certain proxy votes unless the shares of the particular issuer are recalled in time to cast a vote. A determination of whether to seek a recall will be based on whether the applicable Portfolio Management Team determines that the benefit of voting outweighs the costs, lost revenue, and/or other detriments of retrieving the securities, recognizing that the handling of such recall requests is beyond GSAM’s control and may not be satisfied in time for GSAM to vote the shares in question.

From time to time, GSAM may face regulatory, compliance, legal or logistical limits with respect to voting securities that it may purchase or hold for client accounts which can affect GSAM’s ability to vote such proxies, as

¹ The third-party proxy voting service currently retained by GSAM is Institutional Shareholder Services.

well as the desirability of voting such proxies. As a result, GSAM, from time to time, may determine that it is not desirable to vote proxies in certain circumstances. Among other limits, federal, state, foreign regulatory restrictions, or company-specific ownership limits, as well as legal matters related to consolidated groups, may restrict the total percentage of an issuer's voting securities that GSAM can hold for clients and the nature of GSAM's voting in such securities. GSAM's ability to vote proxies may also be affected by, among other things: (i) meeting notices were received too late; (ii) requirements to vote proxies in person; (iii) restrictions on a foreigner's ability to exercise votes; (iv) potential difficulties in translating the proxy; (v) requirements to provide local agents with unrestricted powers of attorney to facilitate voting instructions; and (vi) requirements that investors who exercise their voting rights surrender the right to dispose of their holdings for some specified period in proximity to the shareholder meeting.

GSAM clients who have delegated voting responsibility to GSAM with respect to their account may from time to time contact their client representative if they would like to direct GSAM to vote in a particular solicitation. GSAM will use its commercially reasonable efforts to vote according to the client's request in these circumstances, and cannot provide assurances that such voting requests will be implemented.

Use of a Proxy Service

As discussed above, GSAM utilizes a Proxy Service to assist in the implementation and administration of GSAM's proxy voting function. The Proxy Service assists GSAM in the proxy voting process by providing operational, recordkeeping and reporting services. In addition, the Proxy Service produces Recommendations as previously discussed and provides assistance in the development and maintenance of the GSAM Guidelines.

GSAM conducts periodic due diligence meetings with the Proxy Service which include, but are not limited to, a review of the Proxy Service's general organizational structure, new developments with respect to research and technology, work flow improvements and internal due diligence with respect to conflicts of interest.

GSAM may hire other service providers to replace or supplement the Proxy Service with respect to any of the services GSAM currently receives from the Proxy Service. In addition, individual Portfolio Management Teams may supplement the information and analyses the Proxy Service provides from other sources.

Fixed Income and Private Investments

Voting decisions with respect to client investments in fixed income securities and the securities of privately-held issuers generally will be made by the relevant Portfolio Management Teams based on their assessment of the particular transactions or other matters at issue. Such Portfolio Management Teams may also adopt policies related to the fixed income or private investments they make that supplement this Policy.

Alternative Investment and Manager Selection (“AIMS”) and Externally Managed Strategies

Where GSAM places client assets with managers outside of GSAM, which function occurs primarily within GSAM's AIMS business unit, such external managers generally will be responsible for voting proxies in accordance with the managers' own policies. AIMS may, however, retain proxy voting responsibilities where it deems appropriate or necessary under prevailing circumstances. To the extent AIMS portfolio managers assume proxy voting responsibility with respect to publicly-traded equity securities they will follow the GSAM Guidelines and Recommendations as discussed above unless an override is requested. Any other voting decision will be conducted in accordance with AIMS' policies governing voting decisions with respect to non-publicly traded equity securities held by their clients.

D. Conflicts of Interest

Pursuant to this Policy, GSAM has implemented processes designed to prevent conflicts of interest from influencing its proxy voting decisions. These processes include the use of the GSAM Guidelines and Recommendations and the override process described above in instances when a Portfolio Management Team is interested in voting in a manner that diverges from the GSAM Guidelines and/or a Recommendation.

Part II

GSAM Proxy Voting Guidelines Summary

The following is a summary of the material GSAM Proxy Voting Guidelines (the “Guidelines”), which form the substantive basis of GSAM’s Policy on Proxy Voting for Client Accounts (“Policy”). As described in the main body of the Policy, one or more GSAM portfolio management teams may diverge from the Guidelines and a related Recommendation on any particular proxy vote or in connection with any individual investment decision in accordance with the Policy.

A. US proxy items:

1. Operational Items	page 1
2. Board of Directors	page 2
3. Executive Compensation	page 4
4. Proxy Contests and Access	page 6
5. Shareholder Rights and Defenses	page 7
6. Mergers and Corporate Restructurings	page 8
7. State of Incorporation	page 8
8. Capital Structure	page 8
9. Corporate Social Responsibility (CSR)/Environmental, Social, Governance (ESG) Issues	page 9

B. Non-U.S. proxy items:

1. Operational Items	page 11
2. Board of Directors	page 12
3. Compensation	page 14
4. Board Structure	page 14
5. Capital Structure	page 15
6. Mergers and Corporate Restructurings & Other	page 16
7. Corporate Social Responsibility (CSR)/Environmental, Social, Governance (ESG) Issues	page 17

U.S. Proxy Items

The following section is a summary of the Guidelines, which form the substantive basis of the Policy with respect to U.S. public equity investments.

1. Operational Items

Auditor Ratification

Vote FOR proposals to ratify auditors, unless any of the following apply within the last year:

- An auditor has a financial interest in or association with the company, and is therefore not independent;
- There is reason to believe that the independent auditor has rendered an opinion which is neither accurate nor indicative of the company’s financial position;
- Poor accounting practices are identified that rise to a serious level of concern, such as: fraud; misapplication of GAAP; or material weaknesses identified in Section 404 disclosures; or

- Fees for non-audit services are excessive.

Non-audit fees are excessive if:

- Non-audit fees exceed audit fees + audit-related fees + tax compliance/preparation fees.

Vote CASE-BY-CASE on shareholder proposals asking companies to prohibit or limit their auditors from engaging in non-audit services or asking for audit firm rotation.

2. Board of Directors

The Board of Directors should promote the interests of shareholders by acting in an oversight and/or advisory role; the board should consist of a majority of independent directors and should be held accountable for actions and results related to their responsibilities. When evaluating board composition, GSAM believes a diversity of ethnicity, gender and experience is an important consideration.

Classification of Directors

Where applicable, the New York Stock Exchange or NASDAQ Listing Standards definition is to be used to classify directors as insiders or affiliated outsiders. General definitions are as follows:

- Inside Director
 - Employee of the company or one of its affiliates
 - Among the five most highly paid individuals (excluding interim CEO)
 - Listed as an officer as defined under Section 16 of the Securities and Exchange Act of 1934
 - Current interim CEO
 - Beneficial owner of more than 50 percent of the company's voting power (this may be aggregated if voting power is distributed among more than one member of a defined group)
- Affiliated Outside Director
 - Board attestation that an outside director is not independent
 - Former CEO or other executive of the company within the last 3 years
 - Former CEO or other executive of an acquired company within the past three years
- Independent Outside Director
 - No material connection to the company other than a board seat

Additionally, GSAM will consider compensation committee interlocking directors to be affiliated (defined as CEOs who sit on each other's compensation committees).

Voting on Director Nominees in Uncontested Elections

Vote on director nominees should be determined on a CASE-BY-CASE basis.

Vote AGAINST or WITHHOLD from individual directors who:

- Attend less than 75 percent of the board and committee meetings without a disclosed valid excuse for each of the last two years;
- Sit on more than six public company boards;
- Are CEOs of public companies who sit on the boards of more than two public companies besides their own--withhold only at their outside boards.

Other items considered for an AGAINST vote include specific concerns about the individual or the company, such as criminal wrongdoing or breach of fiduciary responsibilities, sanctions from government or authority, violations of laws and regulations, or other issues related to improper business practice.

Vote AGAINST or WITHHOLD from Inside Directors and Affiliated Outside Directors (per the Classification of Directors above) when:

- The inside or affiliated outside director serves on the audit, compensation, or nominating (vote against affiliated directors only for nominating) committees;
- The company lacks an audit compensation, or nominating (vote against affiliated directors only for nominating) committee so that the full board functions as that committee and insiders are participating in voting on matters that independent committees should be voting on;
- The full board is less than majority independent (in this case withhold from affiliated outside directors); at controlled companies, GSAM will vote against the election of affiliated outsiders and nominees affiliated with the parent and will not vote against the executives of the issuer.

Vote AGAINST or WITHHOLD from members of the appropriate committee for the following reasons (or independent Chairman or lead director in cases of a classified board and members of appropriate committee are not up for reelection). Extreme cases may warrant a vote against the entire board.

- Material failures of governance, stewardship, or fiduciary responsibilities at the company;
- Egregious actions related to the director(s)' service on other boards that raise substantial doubt about his or her ability to effectively oversee management and serve the best interests of shareholders at any company;
- At the previous board election, any director received more than 50 percent withhold/against votes of the shares cast and the company has failed to address the underlying issue(s) that caused the high withhold/against vote (members of the Nominating or Governance Committees);
- The board failed to act on a shareholder proposal that received approval of the majority of shares cast for the previous two consecutive years (a management proposal with other than a FOR recommendation by management will not be considered as sufficient action taken); an adopted proposal that is substantially similar to the original shareholder proposal will be deemed sufficient; (vote against members of the committee of the board that is responsible for the issue under consideration). If GSAM did not support the shareholder proposal in both years, GSAM will still vote against the committee member (s).

Vote AGAINST or WITHHOLD from the members of the Audit Committee if:

- The non-audit fees paid to the auditor are excessive;
- The company receives an adverse opinion on the company's financial statements from its auditor; or
- There is persuasive evidence that the audit committee entered into an inappropriate indemnification agreement with its auditor that limits the ability of the company, or its shareholders, to pursue legitimate legal recourse against the audit firm.

Vote CASE-BY-CASE on members of the Audit Committee and/or the full board if poor accounting practices, which rise to a level of serious concern are identified, such as: fraud; misapplication of GAAP; and material weaknesses identified in Section 404 disclosures.

Examine the severity, breadth, chronological sequence and duration, as well as the company's efforts at remediation or corrective actions in determining whether negative vote recommendations are warranted against the members of the Audit Committee who are responsible for the poor accounting practices, or the entire board.

See section 3 on executive and director compensation for reasons to withhold from members of the Compensation Committee.

In limited circumstances, GSAM may vote AGAINST or WITHHOLD from all nominees of the board of directors (except from new nominees who should be considered on a CASE-BY-CASE basis and except as discussed below) if:

- The company's poison pill has a dead-hand or modified dead-hand feature for two or more years. Vote against/withhold every year until this feature is removed; however, vote against the poison pill if there is one on the ballot with this feature rather than the director;
- The board adopts or renews a poison pill without shareholder approval, does not commit to putting it to shareholder vote within 12 months of adoption (or in the case of a newly public company, does not commit to put the pill to a

shareholder vote within 12 months following the IPO), or reneges on a commitment to put the pill to a vote, and has not yet received a withhold/against recommendation for this issue;

- The board failed to act on takeover offers where the majority of the shareholders tendered their shares;
- If in an extreme situation the board lacks accountability and oversight, coupled with sustained poor performance relative to peers.

Shareholder proposal regarding Independent Chair (Separate Chair/CEO)

Vote on a CASE-BY-CASE basis.

GSAM will generally recommend a vote AGAINST shareholder proposals requiring that the chairman's position be filled by an independent director, if the company satisfies 3 of the 4 following criteria:

- Designated lead director, elected by and from the independent board members with clearly delineated and comprehensive duties;
- Two-thirds independent board;
- All independent key committees; or
- Established, disclosed governance guidelines.

Shareholder proposal regarding board declassification

GSAM will generally vote FOR proposals requesting that the board adopt a declassified structure in the case of operating and holding companies.

Majority Vote Shareholder Proposals

GSAM will vote FOR proposals requesting that the board adopt majority voting in the election of directors provided it does not conflict with the state law where the company is incorporated.

GSAM also looks for companies to adopt a post-election policy outlining how the company will address the situation of a holdover director.

Cumulative Vote Shareholder Proposals

GSAM will generally support shareholder proposals to restore or provide cumulative voting unless:

- The company has adopted majority vote standard with a carve-out for plurality voting in situations where there are more nominees than seats, and a director resignation policy to address failed elections.

3. Executive Compensation

Pay Practices

Good pay practices should align management's interests with long-term shareholder value creation. Detailed disclosure of compensation criteria is preferred; proof that companies follow the criteria should be evident and retroactive performance target changes without proper disclosure is not viewed favorably. Compensation practices should allow a company to attract and retain proven talent. Some examples of poor pay practices include: abnormally large bonus payouts without justifiable performance linkage or proper disclosure, egregious employment contracts, excessive severance and/or change in control provisions, repricing or replacing of underwater stock options/stock appreciation rights without prior shareholder approval, and excessive perquisites. A company should also have an appropriate balance of short-term vs. long-term metrics and the metrics should be aligned with business goals and objectives.

If the company maintains problematic or poor pay practices, generally vote first:

- AGAINST Management Say on Pay (MSOP) Proposals or;

- AGAINST an equity-based incentive plan proposal if excessive non-performance-based equity awards are the major contributor to a pay-for-performance misalignment, then;
- If no MSOP or equity-based incentive plan proposal item is on the ballot, AGAINST/WITHHOLD from compensation committee members.

Equity Compensation Plans

Vote CASE-BY-CASE on equity-based compensation plans. Reasons to vote AGAINST the equity plan could include the following factors:

- The plan is a vehicle for poor pay practices; or
- The plan permits the repricing of stock options/stock appreciation rights (SARs) without prior shareholder approval; or
- The company's three year burn rate and Shareholder Value Transfer (SVT) calculations both materially exceed industry group metrics.

Advisory Vote on Executive Compensation (Say-on-Pay, MSOP) Management Proposals

Vote FOR annual frequency and AGAINST shareholder or management proposals asking for any frequency less than annual.

Vote CASE-BY-CASE on management proposals for an advisory vote on executive compensation. For U.S. companies, consider the following factors in the context of each company's specific circumstances and the board's disclosed rationale for its practices. In general more than one factor will need to be present in order to warrant a vote AGAINST.

Pay-for-Performance Disconnect:

- GSAM will consider there to be a disconnect based on a quantitative assessment of the following: CEO pay vs. TSR and peers, CEO pay as a percentage of the median peer group or CEO pay vs. shareholder return over time.

Additional Factors Considered Include:

- Boards responsiveness if company received 70% or less shareholder support in the previous years MSOP vote;
- Abnormally large bonus payouts without justifiable performance linkage or proper disclosure;
- Egregious employment contracts;
- Excessive perquisites or excessive severance and/or change in control provisions;
- Repricing or replacing of underwater stock options without prior shareholder approval;
- Excessive executive pledging or hedging of stock by executives;
- Egregious pension/SERP (supplemental executive retirement plan) payouts;
- Extraordinary relocation benefits;
- Internal pay disparity;
- Depth of disclosure of compensation philosophy and goals and targets, including details on short-term and long-term performance incentives; and
- Long-term equity based compensation is 100% time-based.

Other Compensation Proposals and Policies

Employee Stock Purchase Plans -- Non-Qualified Plans

Vote CASE-BY-CASE on nonqualified employee stock purchase plans taking into account the following factors:

- Broad-based participation;
- Limits on employee contribution;
- Company matching contribution; and

- Presence of a discount on the stock price on the date of purchase.

Option Exchange Programs/Repricing Options

Vote CASE-BY-CASE on management proposals seeking approval to exchange/reprice options, taking into consideration:

- Historic trading patterns--the stock price should not be so volatile that the options are likely to be back “in-the-money” over the near term;
- Rationale for the re-pricing;
- If it is a value-for-value exchange;
- If surrendered stock options are added back to the plan reserve;
- Option vesting;
- Term of the option--the term should remain the same as that of the replaced option;
- Exercise price--should be set at fair market or a premium to market;
- Participants--executive officers and directors should be excluded.

Vote FOR shareholder proposals to put option repricings to a shareholder vote.

Other Shareholder Proposals on Compensation

Advisory Vote on Executive Compensation (Frequency on Pay)

Vote FOR annual frequency.

Stock retention holding period

Vote FOR Shareholder proposals asking for a policy requiring that senior executives retain a significant percentage of shares acquired through equity compensation programs if the policy allows retention for two years or less following the termination of their employment (through retirement or otherwise) **and** a holding threshold percentage of 50% or less.

Also consider:

- Whether the company has any holding period, retention ratio, or officer ownership requirements in place.

Elimination of accelerated vesting in the event of a change in control

Vote AGAINST shareholder proposals seeking a policy eliminating the accelerated vesting of time-based equity awards in the event of a change in control.

Performance-based equity awards and pay-for-superior-performance proposals

Generally support unless there is sufficient evidence that the current compensation structure is already substantially performance-based. GSAM considers performance-based awards to include awards that are tied to shareholder return or other metrics that are relevant to the business.

Say on Supplemental Executive Retirement Plans (SERP)

Generally vote AGAINST proposals asking for shareholder votes on SERP.

4. Proxy Contests and Access

Voting for Director Nominees in Contested Elections

Vote CASE-BY-CASE on the election of directors in contested elections, considering the following factors:

- Long-term financial performance of the target company relative to its industry;
- Management's track record;
- Background to the proxy contest;
- Qualifications of director nominees (both slates);
- Strategic plan of dissident slate and quality of critique against management;
- Likelihood that the proposed goals and objectives can be achieved (both slates);
- Stock ownership positions.

Proxy Access

Vote CASE-BY-CASE on shareholder or management proposals asking for open proxy access.

GSAM may support proxy access as an important right for shareholders and as an alternative to costly proxy contests and as a method for GSAM to vote for directors on an individual basis, as appropriate, rather than voting on one slate or the other. While this could be an important shareholder right, the following will be taken into account when evaluating the shareholder proposals:

- The ownership thresholds, percentage and duration proposed (GSAM will not support if the ownership threshold is less than 3%);
- The maximum proportion of directors that shareholders may nominate each year (GSAM will not support if the proportion of directors is greater than 25%); and
- The method of determining which nominations should appear on the ballot if multiple shareholders submit nominations.

Reimbursing Proxy Solicitation Expenses

Vote CASE-BY-CASE on proposals to reimburse proxy solicitation expenses. When voting in conjunction with support of a dissident slate, vote FOR the reimbursement of all appropriate proxy solicitation expenses associated with the election.

5. Shareholders Rights & Defenses

Shareholder Ability to Act by Written Consent

Generally vote FOR shareholder proposals that provide shareholders with the ability to act by written consent, unless:

- The company already gives shareholders the right to call special meetings at a threshold of 25% or lower; and
- The company has a history of strong governance practices.

Shareholder Ability to Call Special Meetings

Generally vote FOR management proposals that provide shareholders with the ability to call special meetings.

Generally vote FOR shareholder proposals that provide shareholders with the ability to call special meetings at a threshold of 25% or lower if the company currently does not give shareholders the right to call special meetings. However, if a company already gives shareholders the right to call special meetings at a threshold of at least 25%, do not support shareholder proposals to further reduce the threshold.

Advance Notice Requirements for Shareholder Proposals/Nominations

Vote CASE-BY-CASE on advance notice proposals, giving support to proposals that allow shareholders to submit proposals/nominations reasonably close to the meeting date and within the broadest window possible, recognizing the need to allow sufficient notice for company, regulatory and shareholder review.

Poison Pills

Vote FOR shareholder proposals requesting that the company submit its poison pill to a shareholder vote or redeem it UNLESS the company has: (1) A shareholder-approved poison pill in place; or (2) the company has adopted a policy concerning the adoption of a pill in the future specifying certain shareholder friendly provisions.

Vote FOR shareholder proposals calling for poison pills to be put to a vote within a time period of less than one year after adoption.

Vote CASE-BY-CASE on management proposals on poison pill ratification, focusing on the features of the shareholder rights plan.

In addition, the rationale for adopting the pill should be thoroughly explained by the company. In examining the request for the pill, take into consideration the company's existing governance structure, including: board independence, existing takeover defenses, and any problematic governance concerns.

6. Mergers and Corporate Restructurings

Vote CASE-BY-CASE on mergers and acquisitions taking into account the following based on publicly available information:

- Valuation;
- Market reaction;
- Strategic rationale;
- Management's track record of successful integration of historical acquisitions;
- Presence of conflicts of interest; and
- Governance profile of the combined company.

7. State of Incorporation

Reincorporation Proposals

GSAM may support management proposals to reincorporate as long as the reincorporation would not substantially diminish shareholder rights. GSAM may not support shareholder proposals for reincorporation unless the current state of incorporation is substantially less shareholder friendly than the proposed reincorporation, there is a strong economic case to reincorporate or the company has a history of making decisions that are not shareholder friendly.

Exclusive venue for shareholder lawsuits

Generally vote FOR on exclusive venue proposals, taking into account:

- Whether the company has been materially harmed by shareholder litigation outside its jurisdiction of incorporation, based on disclosure in the company's proxy statement;
- Whether the company has the following good governance features:
- An annually elected board;
- A majority vote standard in uncontested director elections; and
- The absence of a poison pill, unless the pill was approved by shareholders.

8. Capital Structure

Common Stock Authorization

Votes on proposals to increase the number of shares of common stock authorized for issuance are determined on a CASE-BY-CASE basis. We consider company-specific factors that include, at a minimum, the following:

- Past Board performance;
- The company's use of authorized shares during the last three years;

- One- and three-year total shareholder return;
- The board's governance structure and practices;
- The current request;
- Disclosure in the proxy statement of specific reasons for the proposed increase;
- The dilutive impact of the request as determined through an allowable increase, which examines the company's need for shares and total shareholder returns; and
- Risks to shareholders of not approving the request.

9. Corporate Social Responsibility (CSR)/Environmental, Social, Governance (ESG) Issues

Overall Approach

GSAM recognizes that Environmental, Social and Governance (ESG) factors can affect investment performance, expose potential investment risks and provide an indication of management excellence and leadership. When evaluating ESG proxy issues GSAM balances the purpose of a proposal with the overall benefit to shareholders.

Shareholder proposals considered under this category could include: Reports asking for details on 1) labor and safety policies, 2) impact on the environment of the company's oil sands or fracturing operations or 3) water-related risks

When evaluating social and environmental shareholder proposals the following factors should be considered:

- Whether adoption of the proposal is likely to enhance or protect shareholder value;
- Whether the information requested concerns business issues that relate to a meaningful percentage of the company's business;
- The degree to which the company's stated position on the issues raised in the proposal could affect its reputation or sales, or leave it vulnerable to a boycott or selective purchasing;
- Whether the company has already responded in some appropriate manner to the request embodied in the proposal;
- What other companies have done in response to the issue addressed in the proposal;
- Whether the proposal itself is well framed and the cost of preparing the report is reasonable;
- Whether the subject of the proposal is best left to the discretion of the board;
- Whether the company has material fines or violations in the area and if so, if appropriate actions have already been taken to remedy going forward;
- Whether the requested information is available to shareholders either from the company or from a publicly available source; and
- Whether providing this information would reveal proprietary or confidential information that would place the company at a competitive disadvantage.

Sustainability, climate change reporting

Generally vote FOR proposals requesting the company to report on its policies, initiatives, and oversight mechanisms related to social, economic, and environmental sustainability, or how the company may be impacted by climate change. The following factors will be considered:

- The company's current level of publicly-available disclosure including if the company already discloses similar information through existing reports or policies
- If the company has formally committed to the implementation of a reporting program based on Global Reporting Initiative (GRI) guidelines or a similar standard within a specified time frame;
- If the company's current level of disclosure is comparable to that of its industry peers; and
- If there are significant controversies, fines, penalties, or litigation associated with the company's environmental performance.

Establishing goals or targets for emissions reduction

Vote CASE-BY-CASE on proposals that call for the adoption of Greenhouse Gas (“GHG”) reduction goals from products and operations, taking into account:

- Overly prescriptive requests for the reduction in GHG emissions by specific amounts or within a specific time frame;
- Whether company disclosure lags behind industry peers;
- Whether the company has been the subject of recent, significant violations, fines, litigation, or controversy related to GHG emissions;
- The feasibility of reduction of GHGs given the company’s product line and current technology and;
- Whether the company already provides meaningful disclosure on GHG emissions from its products and operations.

Political Contributions and Trade Association Spending/Lobbying Expenditures and Initiatives

Generally vote AGAINST proposals asking the company to affirm political nonpartisanship in the workplace so long as:

- There are no recent, significant controversies, fines or litigation regarding the company’s political contributions or trade association spending; and
- The company has procedures in place to ensure that employee contributions to company-sponsored political action committees (PACs) are strictly voluntary and prohibits coercion.

Vote CASE-BY-CASE on proposals to improve the disclosure of a company’s political contributions and trade association spending, considering:

- Recent significant controversy or litigation related to the company’s political contributions or governmental affairs;
- The public availability of a company policy on political contributions and trade association spending including information on the types of organizations supported, the business rationale for supporting these organizations, and the oversight and compliance procedures related to such expenditures of corporate assets.

GSAM will not necessarily vote for the proposal merely to encourage further disclosure of trade association or lobbying spending.

Vote AGAINST proposals barring the company from making political contributions. Businesses are affected by legislation at the federal, state, and local level and barring political contributions can put the company at a competitive disadvantage.

Gender Identity and Sexual Orientation

A company should have a clear, public Equal Employment Opportunity (EEO) statement and/or diversity policy. Generally vote FOR proposals seeking to amend a company’s EEO statement or diversity policies to additionally prohibit discrimination based on sexual orientation and/or gender identity.

Labor and Human Rights Standards

Generally vote FOR proposals requesting a report or implementation of a policy on company or company supplier labor and/or human rights standards and policies unless such information is already publicly disclosed considering:

- The degree to which existing relevant policies and practices are disclosed;
- Whether or not existing relevant policies are consistent with internationally recognized standards;
- Whether company facilities and those of its suppliers are monitored and how;
- Company participation in fair labor organizations or other internationally recognized human rights initiatives;
- Scope and nature of business conducted in markets known to have higher risk of workplace labor/human rights abuse;
- Recent, significant company controversies, fines, or litigation regarding human rights at the company or its suppliers;
- The scope of the request; and
- Deviation from industry sector peer company standards and practices.

Non-U.S. Proxy Items

The following section is a broad summary of the Guidelines, which form the basis of the Policy with respect to non-U.S. public equity investments. Applying these guidelines is subject to certain regional and country-specific exceptions and modifications and is not inclusive of all considerations in each market.

1. Operational Items

Financial Results/Director and Auditor Reports

Vote FOR approval of financial statements and director and auditor reports, unless:

- There are concerns about the accounts presented or audit procedures used; or
- The company is not responsive to shareholder questions about specific items that should be publicly disclosed.

Appointment of Auditors and Auditor Fees

Vote FOR the reelection of auditors and proposals authorizing the board to fix auditor fees, unless:

- There are serious concerns about the accounts presented, audit procedures used or audit opinion rendered;
- There is reason to believe that the auditor has rendered an opinion, which is neither accurate nor indicative of the company's financial position;
- Name of the proposed auditor has not been published;
- The auditors are being changed without explanation; non-audit-related fees are substantial or are in excess of standard annual audit-related fees; or the appointment of external auditors if they have previously served the company in an executive capacity or can otherwise be considered affiliated with the company.

Appointment of Statutory Auditors

Vote FOR the appointment or reelection of statutory auditors, unless:

- There are serious concerns about the statutory reports presented or the audit procedures used;
- Questions exist concerning any of the statutory auditors being appointed; or
- The auditors have previously served the company in an executive capacity or can otherwise be considered affiliated with the company.

Allocation of Income

Vote FOR approval of the allocation of income, unless:

- The dividend payout ratio has been consistently low without adequate explanation; or
- The payout is excessive given the company's financial position.

Stock (Scrip) Dividend Alternative

Vote FOR most stock (scrip) dividend proposals.

Vote AGAINST proposals that do not allow for a cash option unless management demonstrates that the cash option is harmful to shareholder value.

Amendments to Articles of Association

Vote amendments to the articles of association on a CASE-BY-CASE basis.

Change in Company Fiscal Term

Vote FOR resolutions to change a company's fiscal term unless a company's motivation for the change is to postpone its AGM.

Lower Disclosure Threshold for Stock Ownership

Vote AGAINST resolutions to lower the stock ownership disclosure threshold below 5 percent unless specific reasons exist to implement a lower threshold.

Amend Quorum Requirements

Vote proposals to amend quorum requirements for shareholder meetings on a CASE-BY-CASE basis.

Transact Other Business

Vote AGAINST other business when it appears as a voting item.

2. Board of Directors

Director Elections

Vote FOR management nominees taking into consideration the following:

- Adequate disclosure has not been provided in a timely manner; or
- There are clear concerns over questionable finances or restatements; or
- There have been questionable transactions or conflicts of interest; or
- There are any records of abuses against minority shareholder interests; or
- The board fails to meet minimum corporate governance standards. or
- There are reservations about:
 - Director terms
 - Bundling of proposals to elect directors
 - Board independence
 - Disclosure of named nominees
 - Combined Chairman/CEO
 - Election of former CEO as Chairman of the Board
 - Overboarded directors
 - Composition of committees
 - Director independence
- Specific concerns about the individual or company, such as criminal wrongdoing or breach of fiduciary responsibilities; or
- Repeated absences at board meetings have not been explained (in countries where this information is disclosed); or
- Unless there are other considerations which may include sanctions from government or authority, violations of laws and regulations, or other issues related to improper business practice, failure to replace management, or egregious actions related to service on other boards.

Vote on a CASE-BY-CASE basis in contested elections of directors, e.g., the election of shareholder nominees or the dismissal of incumbent directors, determining which directors are best suited to add value for shareholders.

The analysis will generally be based on, but not limited to, the following major decision factors:

- Company performance relative to its peers;
- Strategy of the incumbents versus the dissidents;
- Independence of board candidates;
- Experience and skills of board candidates;

- Governance profile of the company;
- Evidence of management entrenchment;
- Responsiveness to shareholders;
- Whether a takeover offer has been rebuffed;
- Whether minority or majority representation is being sought.

Vote FOR employee and/or labor representatives if they sit on either the audit or compensation committee and are required by law to be on those committees.

Vote AGAINST employee and/or labor representatives if they sit on either the audit or compensation committee, if they are not required to be on those committees.

Classification of directors

Executive Director

- Employee or executive of the company;
- Any director who is classified as a non-executive, but receives salary, fees, bonus, and/or other benefits that are in line with the highest-paid executives of the company.

Non-Independent Non-Executive Director (NED)

- Any director who is attested by the board to be a non-independent NED;
- Any director specifically designated as a representative of a significant shareholder of the company;
- Any director who is also an employee or executive of a significant shareholder of the company;
- Beneficial owner (direct or indirect) of at least 10% of the company's stock, either in economic terms or in voting rights (this may be aggregated if voting power is distributed among more than one member of a defined group, e.g., family members who beneficially own less than 10% individually, but collectively own more than 10%), unless market best practice dictates a lower ownership and/or disclosure threshold (and in other special market-specific circumstances);
- Government representative;
- Currently provides (or a relative provides) professional services to the company, to an affiliate of the company, or to an individual officer of the company or of one of its affiliates in excess of \$10,000 per year;
- Represents customer, supplier, creditor, banker, or other entity with which company maintains transactional/commercial relationship (unless company discloses information to apply a materiality test);
- Any director who has conflicting or cross-directorships with executive directors or the chairman of the company;
- Relative of a current employee of the company or its affiliates;
- Relative of a former executive of the company or its affiliates;
- A new appointee elected other than by a formal process through the General Meeting (such as a contractual appointment by a substantial shareholder);
- Founder/co-founder/member of founding family but not currently an employee;
- Former executive (5 year cooling off period);
- Years of service is generally not a determining factor unless it is recommended best practice in a market and/or in extreme circumstances, in which case it may be considered; and
- Any additional relationship or principle considered to compromise independence under local corporate governance best practice guidance.

Independent NED

- No material connection, either directly or indirectly, to the company other than a board seat.

Employee Representative

- Represents employees or employee shareholders of the company (classified as "employee representative" but considered a non-independent NED).

Discharge of Directors

Generally vote FOR the discharge of directors, including members of the management board and/or supervisory board, unless there is reliable information about significant and compelling controversies that the board is not fulfilling its fiduciary duties warranted by:

- A lack of oversight or actions by board members which invoke shareholder distrust related to malfeasance or poor supervision, such as operating in private or company interest rather than in shareholder interest; or
- Any legal issues (e.g., civil/criminal) aiming to hold the board responsible for breach of trust in the past or related to currently alleged actions yet to be confirmed (and not only the fiscal year in question), such as price fixing, insider trading, bribery, fraud, and other illegal actions; or
- Other egregious governance issues where shareholders may bring legal action against the company or its directors; or
- Vote on a CASE-BY-CASE basis where a vote against other agenda items are deemed inappropriate.

3. Compensation

Good pay practices should align management's interests with long-term shareholder value creation. Detailed disclosure of compensation criteria is preferred; proof that companies follow the criteria should be evident and retroactive performance target changes without proper disclosure is not viewed favorably. Compensation practices should allow a company to attract and retain proven talent. Some examples of poor pay practices include: abnormally large bonus payouts without justifiable performance linkage or proper disclosure, egregious employment contracts, excessive severance and/or change in control provisions, repricing or replacing of underwater stock options/stock appreciation rights without prior shareholder approval, and excessive perquisites. A company should also have an appropriate balance of short-term vs. long-term metrics and the metrics should be aligned with business goals and objectives.

Director Compensation

Vote FOR proposals to award cash fees to non-executive directors unless the amounts are excessive relative to other companies in the country or industry.

Vote non-executive director compensation proposals that include both cash and share-based components on a CASE-BY-CASE basis.

Vote proposals that bundle compensation for both non-executive and executive directors into a single resolution on a CASE-BY-CASE basis.

Vote AGAINST proposals to introduce retirement benefits for non-executive directors.

Compensation Plans

Vote compensation plans on a CASE-BY-CASE basis.

Director, Officer, and Auditor Indemnification and Liability Provisions

Vote proposals seeking indemnification and liability protection for directors and officers on a CASE-BY-CASE basis.

Vote AGAINST proposals to indemnify auditors.

4. Board Structure

Vote AGAINST the introduction of classified boards and mandatory retirement ages for directors.

Vote AGAINST proposals to alter board structure or size in the context of a fight for control of the company or the board.

Chairman CEO combined role (for applicable markets)

GSAM will generally recommend a vote AGAINST shareholder proposals requiring that the chairman's position be filled by an independent director, if the company satisfies 3 of the 4 following criteria:

- 2/3 independent board, or majority in countries where employee representation is common practice;
- A designated, or a rotating, lead director, elected by and from the independent board members with clearly delineated and comprehensive duties;
- Fully independent key committees; and/or
- Established, publicly disclosed, governance guidelines and director biographies/profiles.

5. Capital Structure

Share Issuance Requests

General Issuances:

Vote FOR issuance requests with preemptive rights to a maximum of 100 percent over currently issued capital.

Vote FOR issuance requests without preemptive rights to a maximum of 20 percent of currently issued capital.

Specific Issuances:

Vote on a CASE-BY-CASE basis on all requests, with or without preemptive rights.

Increases in Authorized Capital

Vote FOR non-specific proposals to increase authorized capital up to 100 percent over the current authorization unless the increase would leave the company with less than 30 percent of its new authorization outstanding.

Vote FOR specific proposals to increase authorized capital to any amount, unless:

- The specific purpose of the increase (such as a share-based acquisition or merger) does not meet guidelines for the purpose being proposed; or
- The increase would leave the company with less than 30 percent of its new authorization outstanding after adjusting for all proposed issuances.

Vote AGAINST proposals to adopt unlimited capital authorizations.

Reduction of Capital

Vote FOR proposals to reduce capital for routine accounting purposes unless the terms are unfavorable to shareholders.

Vote proposals to reduce capital in connection with corporate restructuring on a CASE-BY-CASE basis.

Capital Structures

Vote FOR resolutions that seek to maintain or convert to a one-share, one-vote capital structure.

Vote AGAINST requests for the creation or continuation of dual-class capital structures or the creation of new or additional super voting shares.

Preferred Stock

Vote FOR the creation of a new class of preferred stock or for issuances of preferred stock up to 50 percent of issued capital unless the terms of the preferred stock would adversely affect the rights of existing shareholders.

Vote FOR the creation/issuance of convertible preferred stock as long as the maximum number of common shares that could be issued upon conversion meets guidelines on equity issuance requests.

Vote AGAINST the creation of a new class of preference shares that would carry superior voting rights to the common shares.

Vote AGAINST the creation of blank check preferred stock unless the board clearly states that the authorization will not be used to thwart a takeover bid.

Vote proposals to increase blank check preferred authorizations on a CASE-BY-CASE basis.

Debt Issuance Requests

Vote non-convertible debt issuance requests on a CASE-BY-CASE basis, with or without preemptive rights.

Vote FOR the creation/issuance of convertible debt instruments as long as the maximum number of common shares that could be issued upon conversion meets guidelines on equity issuance requests.

Vote FOR proposals to restructure existing debt arrangements unless the terms of the restructuring would adversely affect the rights of shareholders.

Increase in Borrowing Powers

Vote proposals to approve increases in a company's borrowing powers on a CASE-BY-CASE basis.

Share Repurchase Plans

GSAM will generally recommend FOR share repurchase programs taking into account whether:

- The share repurchase program can be used as a takeover defense;
- There is clear evidence of historical abuse;
- There is no safeguard in the share repurchase program against selective buybacks;
- Pricing provisions and safeguards in the share repurchase program are deemed to be unreasonable in light of market practice.

Reissuance of Repurchased Shares

Vote FOR requests to reissue any repurchased shares unless there is clear evidence of abuse of this authority in the past.

Capitalization of Reserves for Bonus Issues/Increase in Par Value

Vote FOR requests to capitalize reserves for bonus issues of shares or to increase par value.

6. Mergers and Corporate Restructuring & Other

Reorganizations/Restructurings

Vote reorganizations and restructurings on a CASE-BY-CASE basis.

Mergers and Acquisitions

Vote CASE-BY-CASE on mergers and acquisitions taking into account the following based on publicly available information:

- Valuation;
- Market reaction;
- Strategic rationale;
- Management's track record of successful integration of historical acquisitions;
- Presence of conflicts of interest; and
- Governance profile of the combined company.

Antitakeover Mechanisms

Generally vote AGAINST all antitakeover proposals, unless they are structured in such a way that they give shareholders the ultimate decision on any proposal or offer.

Reincorporation Proposals

Vote reincorporation proposals on a CASE-BY-CASE basis.

Related-Party Transactions

Vote related-party transactions on a CASE-BY-CASE basis, considering factors including, but not limited to, the following:

- The parties on either side of the transaction;
- The nature of the asset to be transferred/service to be provided;
- The pricing of the transaction (and any associated professional valuation);
- The views of independent directors (where provided);
- The views of an independent financial adviser (where appointed);
- Whether any entities party to the transaction (including advisers) is conflicted; and
- The stated rationale for the transaction, including discussions of timing.

Shareholder Proposals

Vote all shareholder proposals on a CASE-BY-CASE basis.

Vote FOR proposals that would improve the company's corporate governance or business profile at a reasonable cost.

Vote AGAINST proposals that limit the company's business activities or capabilities or result in significant costs being incurred with little or not benefit.

7. Corporate Social Responsibility (CSR)/Environmental, Social, Governance (ESG) Issues

Please refer to page 9 for our current approach to these important topics.
