

**1. Which branches/streams are the applications open for?**

A: The program is open for all engineering students across streams meeting the eligibility criteria.  
2025 Summer Internship - Graduation Year: 2026 (*Intern hire May/June 2025 intake*)

**2. What would be my role after joining Goldman Sachs through this program?**

A: As an intern you'll be working in one of the Core Engineering or one of the Business-aligned Engineering teams. As part of Core Engineering you'll be developing components that make impact to large platforms used widely within the firm. As part of Business-aligned teams you'll build application components using Core platforms that directly impact business outcomes.

**3. What is the program structure and timelines?**

**4. Would there be any flexibility in the program duration?**

A: The program timelines have been mentioned on our website program page. We will keep all eligible candidates who have registered for the program posted in case of any changes.

**5. What is the duration of the entire program?**

A: The duration of the full program is 15 to 16 weeks.

**6. How do I register for the program?**

A: You are required to register for the program with your email address by clicking the [REGISTER](#) button. Once you have registered, click "Apply" to commence your application process (All the mandatory fields are critical and need to be filled without errors as these are non-editable sections)

**7. Will I receive any confirmation regarding my application to the program?**

A: Yes, you will receive an email confirming your application towards the program from the Goldman Sachs Engineering Campus Hiring Program Team once the registration window closes. Please note that you will receive this email only if you have successfully registered for the event as per the steps mentioned above.

**8. What will be the mode for the Engineering Campus Hiring Program?**

A: The program will be held virtually through Zoom and Hackerrank.

**9. What will be the duration of the Aptitude Test and Technical Test?**

A: The duration of the tests will be 2 hours.

**10. Do we need to keep the camera on during the test?**

A: The tests are proctored and the cameras need to be on for the entire duration of the test.

**11. What will be the duration of the Coursework?**

A: The coursework duration will be 3 weeks.

**12. Will the study material be provided during the coursework?**

A: Yes, the study material and other resources will be provided during the coursework.

**13. What is the Stipend and Package for students selected through the program?**

A: We will be sharing the compensation and stipend details with the shortlisted students and placement committees of their respective colleges at a later date.

**14. What will be the location of our joining?**

A: The location would be finalized closer to the joining date. It would either be Bengaluru or Hyderabad.  
*(Please note the indicated location preference at the time of registration is not a guarantee of your work location. The final location for offered students will be confirmed by the firm closer to the joining date)*

**15. What is the “USP” of this program?**

A: This program will help the students upskill themselves, get a sneak peak into “Life at Goldman Sachs” and offer opportunities for interactions with business leaders.
