Effect on Auction Period Rate: Existing Holders and prospective bidders should take into account in their decision whether to buy, sell, or hold the Bonds that the Borrower will likely affect the Auction Period Rate by virtue of the Borrower's proposed bid in the Next Auction and its involvement in future auctions. The Borrower's interests will vary from those of other bidders or Holders of the Bonds. In particular, the Borrower would benefit from lower interest rates on the Bonds.

Specifics of Borrower's Proposed Bid: The Borrower has notified the Broker-Dealer that it wishes to submit a bid on the Borrower's behalf in the Next Auction. The Borrower expects to hold on \$60,325,000 of the Bonds purchased at the May 7, 2008, May 14, 2008, May 21, 2008, May 28, 2008, June 4, 2008, June 18, 2008, July 2, 2008, and July 9, 2008 Auctions and bid for approximately \$13,675,000 of remaining Bonds at an annual interest rate equal to the Securities Industry and Financial Markets Association ("SIFMA") Municipal Swap Index rate most recently published prior to July 16, 2008 plus 50 basis points. This rate may be obtained by contacting the Broker-Dealer or accessing the SIFMA website (www.sifma.org).

The completion of the Borrower's bid is subject to the availability of funds on the date of the Next Auction.
